## Performance Index

The Performance Index measures the test results of every student, not just those who score proficient or higher. There are six levels on the index and districts receive points for every student in each of these levels. The higher the achievement level the more the points awarded in the district's index. This rewards schools and districts for improving performance.

## Gifted Students

The Gifted Students data and Indicator highlight the opportunities for and performance of gifted students. The dashboard answers several questions: How many students are identified as gifted and in what categories? How many of those students are receiving gifted services? How well are those gifted students performing? The Gifted Indicator measures whether opportunity and performance expectations are being met for gifted students.

## Annual Measurable Objectives

Annual Measurable Objectives (AMOs) compare the performance of student groups to a state goal which is displayed as the red line in the following charts. These charts show how well each group achieves that goal in reading, math and graduation – and emphasize any achievement gaps that exist between groups. The ultimate goal is for all groups to achieve at high levels.

80.6%

- A = 90.0 - 100.0%
- B = 80.0 - 89.9%
- C = 70.0 - 79.9%
- D = 60.0 - 69.9%
- F = 0.0 - 59.9%

The red line on each graph identifies the Annual Measurable Objective. The 2014 AMO for Reading is 84.9%, for Math is 80.5%, and for Graduation Rate is 78.2%. Subgroups with fewer than 30 students are not rated and do not appear on the graphs.

The K-3 Literacy measure is a new way to assess reading progress in kindergarten through third grade students. This measure is an important component of Ohio's commitment to early literacy. This is not to be confused with the Third Grade Reading Guarantee, which measures whether third grade students are able to read at a third grade level and will be reported later. A number of districts have identified reporting errors with their submitted data which will affect the grades for all districts. This grade will be released as soon as it is determined to be accurate.

Third Grade Reading Guarantee

Ohio's Third Grade Reading Guarantee is a program to identify students from Kindergarten through Grade 3 that are behind in reading. Schools will provide help and support to make sure students are on-track for reading success by the end of third grade. The program ensures that every struggling reader gets the support he or she needs to be able to learn and achieve. In kindergarten through grade three, schools will evaluate all children to determine if they are reading as well as they should be. If a child appears to be falling behind in reading, the school will immediately start a Reading Improvement Plan.

The Parent Roadmap is available to help parents understand how the Third Grade Reading Guarantee applies to your child.

### Outcomes after High School Graduation

Districts and schools have long-term impacts on student outcomes. The Prepared for Success component provides information on how schools prepare students for different pathways of college and career success. It also provides insights on how those students do once they leave high school. What happens beyond the diploma is an important indicator of how well schools are preparing students.

The University System of Ohio provides [district reports](#) on enrollment and remediation of high school graduates attending in-state, public colleges and universities.

Additional data on outcomes after high school are coming soon. These will include college graduation, demographics of college enrollees, workforce and military enlistment.
